

Dear Parents/Guardians:

My name is Mr. Ron Girton and I am the 9<sup>th</sup> grade school counselor at Smyrna High School. I will be meeting with all 8<sup>th</sup> grade students in their Science classes at Smyrna Middle School over the next two weeks (February 11th-21st). During these sessions, I will provide information and resources to assist them in making appropriate course selections for their 9<sup>th</sup> grade year at Smyrna High School. Students will enter their course requests directly into Infinite Campus (IC) and their Campus Student account with assistance from myself and their classroom teachers.

Please take some time over the next few weeks to sit down with your child and review their requests in their Campus Student Account. The courses are viewable until March 3<sup>rd</sup>. Please contact me with any questions.

Students can make changes to their course requests in Campus Student until **March 3rd**.

\*\*\*\* If your student has an IEP- created through the special services office and the IEP team, your child's case manager has made course selections for their core classes (Math, English, Science, and Social Studies) based on their IEP needs and goals. Please do not make any changes to these core classes. *If you have a question about these classes, please contact the Smyrna Middle School special services office.*

All scheduling resources are available on my website below.

<https://mrgirton.weebly.com/>

- **2025-2026 course catalog**
- **career pathway resources (videos and slides)**

These resources are all available on my website.

If you have any questions regarding the courses your student selected or the course selection process in general, please feel free to contact me using my email listed below.

**\*\*\*IF your student was absent when I visited their Science Class for scheduling, I will be meeting with them during make-up days before the end of March.**

Sincerely,

Ron Girton-9<sup>th</sup> Grade School Counselor
