June 2022

Hello CIS Families,

The end of the year is here! It has been a very different year, but a great year because we got to work with your children. We are sad to see our 6th grade class move on to the middle school, but we are certain the middle school teachers will love them as students. It is always bitter sweet to end a year and know that a fantastic group of students has to move on. Please know it has been a pleasure, from the bottom of our hearts, to work with your children and your families for the past two years. CIS is the best! It is the best because of YOU!

At this time of the year, there are many things happening to help you organize your month we've highlighted a few below. Please read over the list and note any events you would like to attend.
