Welcome to the 2014-15 School Year!

Mrs. Deborah Chadwick
Principal

Clayton Elementary School would like to welcome all of our students and their families to another great school year. This summer has been extremely busy for the administrators, secretaries, and custodial staff in preparation for the upcoming year. A new air conditioning / heating unit has been installed in our library. Classrooms have been cleaned, floors have been waxed, and repairs have been completed. Students have been registered, classes have been formed, teachers have started to re-open their classrooms, and supplies have been delivered. We are definitely ready to begin!

Due to changes in enrollment, there may be some changes to staff assignments. We have tried to honor parent requests for teachers. Due to class sizes we may not have been able to honor all requests. Please know that we have tried our best.

Students and parents can be very proud of our teaching staff at Clayton Elementary. We have the best of the best who are very dedicated, often working beyond the normal school workday to provide differentiated instruction or that perfect lesson to meet the needs of their students. Once, again this past year, our DCAS scores were excellent!

Please be aware of the Dress Code prior to the first day of school to ensure students are dressed properly. As your students bring home the CES Handbook, please take some time to read over and become familiar with the school policies. Feel free to contact Mrs. Chadwick or Mr. Reed at any time if you have questions throughout the school year.

Clayton Elementary's Motto is: **Children First.** It is our desire to provide a well-rounded educational program in which your children may learn and grow in a safe environment while maintaining a high standard of educational excellence. Parent support and participation is a key factor in accomplishing our goals. Please take an active role in your child's education. We encourage you as parents to come to school as a volunteer, chaperone, or just stop by to have lunch with your child.

Clayton Elementary needs volunteers to help out with our PTO. This is an organization that is very few in numbers but does a tremendous job in supporting the students and staff at Clayton Elementary. Meetings take place the second Monday of each month at 6:00 pm in the school library. Please find the time to help out this wonderful organization. We are looking forward to seeing **you** there!

Welcome Message from NSES Principal: Mrs. Kelly Holt

2014 – 2015 School Year – Here We Come!

On Monday, August 25 North Smyrna's doors will open once again as we welcome back our returning students and eagerly meet and greet our new students for the start of a new school year. The North Smyrna staff is excited and prepared to teach and actively engage the minds of our little Smyrna Eagles each and every school day. Students and families will see a few new faces around the building this school year. North Smyrna is pleased to announce the following new staff members: Amanda Purcell – Music, Andrea Beebe – Pre-K: 4 year olds and Tiyana Mullen – Pre-K: 4 year olds.

The 2014 – 2015 school year is bound to be filled with new and exciting events and adventures. We would like to take this opportunity to give you a sneak peak at our newly remodeled Computer Lab. The tables were replaced over the summer and new chairs and computers are on their way. Additionally, North Smyrna will be implementing a new option available to schools participating in the National School Lunch and School Breakfast Programs called the Community Eligibility Provision. This provision was enacted as a result of the Healthy, Hunger-Free Kids Act of 2010 and provides universal meal service to students in schools/districts that qualify. All North Smyrna Elementary students will receive a nutritious breakfast and lunch at school at no charge.

Be sure to enjoy your remaining days of summer vacation. The start of school is just around the corner. Before you know it, "Have a Super Smyrna Eagle Day", will be heard throughout the building as it is said each day during the morning announcements!

Smyrna Elementary Principal's Fall Message

The administrative team at Smyrna Elementary School would like to welcome all new and returning families to the 2014/15 school year. As with the opening of every school year, the upcoming year promises to bring wonderful learning opportunities, excitement, and a variety of challenges that you've come to know and expect from Smyrna Elementary. Our teachers have been excitedly preparing their classrooms and honing their teaching strategies, while our custodians, maintenance and construction crews have worked hard to prepare our building for a safe new year. We all anxiously await the opportunity to develop a partnership in a positive learning environment with you and your child(ren) and we look forward to your active participation in our school functions and educational experiences.

This communication is designed to provide you with some important information related to the start of the school year. Attached you will find a welcome letter from your child's teacher and a supply list to help you prepare for the first day of school on Monday, August 25. Our staff will be ready at 8:30 A.M. to guide your child(ren) to their classroom and to safely dismiss them at 3:30 P.M.

You will receive detailed information regarding bus transportation within a couple of weeks. While some of you may prefer to transport your child to school on the first day, it would be beneficial for your child to arrive at school by the same means that they will normally come to school. This helps children learn their bus number and to become familiar with their driver. It will be easier for students and teachers to transition into a daily routine if they follow their expected transportation method from the first day of school.

Our new families at all grade levels are invited to visit their classroom on Friday, August 22 from 10:00 A.M. to 12:00 P.M. The purpose of this visit is to help our new students to transition to the school year by having an opportunity to meet their teacher and see their classroom. This is an informal visit with no set timeline, although we do ask that all visitors exit the building by 12:00 P.M. as our teachers will still have a lot to do to prepare for the first day of school. While Kindergarten students are visiting their classroom, please be sure to pick up your child's bus identification card. It is imperative that your child wears this tag each day during the first two (2) weeks of school.

An adults-only Open House will be held for parents of all students on Tuesday, September 2 at 6:00 P.M. We encourage you to attend this informational evening. We will begin in the gymnasium for opening remarks from building and district-level administration and staff. General classroom sessions will follow with your child's teacher. After the informational session, families may familiarize themselves with the building or visit with another child's teacher. Additionally, the school nurse and cafeteria manager will also be available to answer questions. This is an opportunity to introduce and familiarize yourself with the new classroom and grade level expectations. Please note, teachers will not be available for parent-teacher conferences, but will be happy to work with you to schedule a meeting for a later time if needed.

Two-way communication is the key to a successful school year. If you have any questions or need clarification on anything, please do not hesitate to contact the school. We look forward to a successful school year with you and your child.

Clayton & JBM Welcome New Associate Principal

Hello my name is Cynthia McNatt the Associate Principal of John Bassett Moore and Clayton Intermediate. I moved to Delaware from Indiana with my parents in the summer of 1985. Our family felt welcomed into the community the moment we arrived. I was going into sixth grade so I attended John Bassett Moore which at the time was a middle school with sixth through eighth grade students. I can honestly say that growing up and attending the Smyrna School District schools prepared me for my future career and it showed me how important it is to be supportive of your community. Therefore, I wanted to give back to the community and district that inspired me, so there was no doubt in my mind that I would attend college and come back to teach here. I began my college career at Delaware State University where I received my Bachelor's Degree in Early Childhood/Exceptional Children. Upon graduating I was hired at Clayton Elementary in 1996 where I taught Kindergarten for nine years. In 2003, I decided to take a position at North Elementary teaching first grade. During that time I got married and had my son Ryan. My son is now 14 and will be attending Smyrna High School as a freshman this year. In my free time I enjoy spending time with my family and watching my son play football and baseball. Three years ago, after teaching in the classroom for 17 years, I decided to go back to Delaware State University to get a Master's Degree in Educational Leadership to pursue my dream of becoming an Administrator. Consequently, on July 1, 2014 my dream became a reality when I was named the Associate Principal of John Bassett Moore and Clayton Intermediate Schools. In conclusion, I am looking forward to the opportunity to work with a caring and dedicated staff from both schools and I am very excited to meet the students on the first day of school. I know without a doubt this will be a great year to learn!!

Basic School Operations

- On the first day of school our staff members will greet incoming students and assist as needed. Numerous staff members will be equipped with a master teacher assignment listing and direct children to the appropriate classroom.
- All students will receive a Student Agenda/Calendar Book on the first day of school. This agenda book will provide valuable information and outline our rules, code of conduct, and expectations. Please review this information with your child.
- For supervision purposes please do not drop-off and leave students prior to 8:15 am – our staff members assume their duty positions at this time. If your son or daughter is a walker please assist us with reinforcement of this request.
- For all students who are transported to or from JBM by automobile, either before the start of school or at the end of the school day, we have designated the northeastern end of the building as the drop-off/pick-up location. This section of the building faces the Christiana Care facility and the Public Library/Opera House parking lot. We have received permission to use the Smyrna Public Library parking lot during morning drop-off and afternoon pick-up. Parents may use the public parking lot for school transportation purposes as long as they do not “park and go” or leave their automobile for an extended period of time. Also, please do not park in any spaces reserved for Smyrna Public Library or Smyrna Opera House employees.
- All Walkers will also gather at this location prior to entering the school at 8:20am and exit this stairwell at 3:27pm.

WELCOME TO SMYRNA MIDDLE SCHOOL

We want to welcome all of our families and students to Smyrna Middle School as we prepare for another exciting year in 2014-2015. We have been busy all summer ordering new materials, preparing our classrooms, and designing academic programs, all in an effort to make the coming school year another successful learning experience.

Our custodians have cleaned, polished, and reassembled our classrooms so that they are first-rate and ready to go.

Our office staff have ordered the necessary supplies, compiled handbooks, and registered all of our students.

Our teachers have taught the summer learning academy, completed additional training and courses, and/or revised

their curriculum in an effort to provide quality instruction for our families.

Indeed, everyone at Smyrna Middle School eagerly awaits the arrival of our students and the beginning of the 2014-2015 academic year on **August 25, 2014**. Please mark your calendars for our annual **Open House on Thursday, August 21, beginning at 6:00 p.m.**

Smyrna Middle School FFA Students Compete at the Delaware State Fair

The Smyrna Middle FFA Chapter once again had an outstanding showing at both our State Agriscience Fair competition and at this year's Delaware State Fair. In June, all five of our Agriscience Fair projects brought home blue ribbons. Kaylee Dulin received first place in the Animal Systems Division. Erica Malloy and Sydney Tusio received first place in the Food Products and Processing division. We had two first places in the Plant Systems Division with George Class-Peters competing in the individual category and, Michael Hodgeman and Wade Solloway completing a team project. Cassidy Cook and Justin Johnson took home the blue in the Social Systems Category. All eight of these students will be traveling to Louisville, KY

in October to hopefully compete on the national stage at the National Agriscience Fair Competition.

We had many Smyrna Middle FFA members work throughout the summer to prepare for competition at the Delaware State Fair. In the Dairy Cattle Evaluation Career Development Event (CDE) team members were Madison Price, Kaylee Dulin, Cassidy Cook who received fifth place individually, and Ryan Wheatley who placed sixth place individually. The team placed third in the competition. Justin McClements and Justin Johnson were our Dairy Cattle Handlers. Justin Johnson placed second in the Dairy Handlers CDE, and will

Student Attire at SHS

Proper attire in the business world requires a certain standard of dress. The Smyrna High School Dress Code reflects the community desire to prepare our students for the work force they will enter shortly. Parents and students should keep this dress code in mind when shopping for school clothing. Clothing worn to school should not interfere with the educational process.

Tops that suggest inappropriate messages or display pictures such as tobacco, drugs, alcohol, hate messages, expose the midriff or undergarments, halter-tops, fish-net tops, tank tops, and muscle shirts are not be worn to school. Oversized pants that sag below the waist or drag on the floor and pants that are extremely tight are not to be worn to school. Pajamas and clothing articles that replicate undergarments are not to be worn to school. Shorts, skirts, and dresses should not be worn if the length is in violation of the Dress Code. Hats, headbands, bandanas, earmuffs, goggles, and any other head coverings (unless required for religious purposes) are not permitted in school.

NEW as of the 2014 / 15 school year: tights worn alone are unacceptable and must be covered by a skirt, pants, or shorts of an acceptable length. A long shirt worn over the tights is not acceptable. Versions of clothing such as see-through pants, jeggings, and yoga pants are not acceptable.

Student Use of Personally Owned Electronic Devices

As new technologies continue to change the world in which we live, they also provide many new and positive educational benefits for classroom instruction. To encourage educational growth, students at Smyrna High School may now bring their own mobile device to campus subject to the following guidelines and expectations.

For the purposes of Personally Owned Electronic Device, "Device" means privately owned portable electronic equipment that includes smart phones or other portable devices (i.e. MP3 Player, electronic book, tablet, etc) that can be used for word processing, wireless Internet access, and information transmitting/receiving/storing, etc. The Smyrna School District will not provide any wireless or Ethernet connections for such devices. Hot Spots or mobile wireless access points are not permitted.

Student use of such devices in the classroom environment must be approved by a teacher or administrator. Any non-approved uses of such devices are subject to the Smyrna High School Code of Conduct.

More information on both the Dress Code and Smyrna High School's Technology policy can be found on the Smyrna High School Website.

Parking Policy & Traffic Flow

The Administration of Smyrna High School eagerly awaits the arrival of students for the 2014-2015 school year. The east side of the building (Smyrna Side) is designated for student parking only. Students who wish to drive to school will present their completed Application for Driving Permit with all supporting documents to Mrs. Watts in the front office, along with the \$10 parking fee beginning on August 18, 2014. Only students that have completed their 6 month restricted driving process may purchase parking tags.

Students who owe an obligation will not be allowed to purchase a parking pass until their obligations are cleared through the main office.

Parking spots may not be reserved at any time. Students in a Senior homeroom are permitted to purchase their parking tags starting on August 18, from 8:00 am – 3:00 pm, or on August 19, from 11:00 am – 3:00 pm. Students in a Junior homeroom who earned a PL 3 or PL 4 on the Spring DCAS during the 2013/14 school year may purchase their parking tags beginning on August 20, from 8:00 am – 3:00 pm. All students in Junior homerooms may purchase parking passes on August 21, from 8:00 am – 3:00 pm. The last day for purchasing a parking tag before the beginning of school will be on August

22, from 8:00 am – 3:00 pm. All cars using the school parking lot must display the tag on the rear view mirror. Any car in the school parking lot that does not display the tag by the start of school on August 25, will be subject to towing.

It is the position of the Smyrna High School Administration that driving to school is a privilege, tied to the Code of Conduct. Students who violate the Code of Conduct may have their driving privilege revoked. The Administration urges the students and parents to become familiar with the regulations associated with the driving privilege as indicated on the Application for Driving Permit.

When entering the property between the hours of 7:00-7:30 am, and 2:15-2:45 pm all traffic must enter using the West side (Clayton Side entrance) and exit the property using the East side (Smyrna side exit). Please be mindful of the 15 MPH speed limit and yield to pedestrians crossing on their way to the building. No vehicles are permitted to park in the bus lane or to drop off or pick up students in front of the school between the hours of 7:00-7:30 am, and 2:15-2:45 am. The parent drop off is located on the Smyrna side of the building next to the entrance to the Auditorium lobby. Please follow the driving directions provided by the signs, cones, and school personnel in that area when dropping off a student in the morning.

Chance Hemphill - First Place Division II Power, Structural, and Technical Systems. Chance's project tested the strength of different types of welding electrodes and determined which was the strongest and the importance of tensile strength. These studies are done to ensure that welds will hold and provide structures that are structural sound and safe.

Gabrielle DiRusso - First Place Division II Social Systems. Gabby attended the World Food Prize last October in Iowa and spoke to world renowned scientists and humanitarians about world hunger. From her experience, she designed an experiment to determine if seed scarification (cutting the outer coat of a seed) would result in faster and greater seed germination and plant growth. She studied 3 African countries and determined their average per day rainfall and simulated that in her trials to determine if this could be an easy strategy to help these countries produce greater yields.

Jenna Scuse & Allison Wheatley - First Place Division IV Environmental Service/Natural Resource Systems. Jenna and Ally built upon a first place project that was completed last year on determining what types of waste (grass clippings, hay and straw, kitchen scraps) combined with animal manure will produce the most biogas within compost. Their thoughts were if we could harness this biogas, we can utilize it as a potential power source. Last year Jenna worked on this

"This is an excellent way for students to help someone less fortunate and provide a positive service to our community," said Mr. Keith Shane, senior FFA advisor for the Smyrna FFA Chapter. "Not only are we able to make the connection between production agriculture and everyday life, we can also enlighten our students to the fact that agriculture is a global necessity."

project with a different partner and determined that hay and straw with manure produce the most biogas determined by using Vernier Gas Pressure sensors and LabQuests. This year she and Allison tested the effect of temperature on these reactions.

Gabrielle Virdin & Tyler Hartsock - First Place Division IV Plant Systems. Gabby and Tyler constructed micro-ecosystems with different underground components to determine the ability of plants to remove nutrients and pollutants from run off systems. Tyler's family operates a poultry farm and they used poultry manure run off and tested pH, Nitrates, Phosphates and Potassium in their run off after having moved through different layers of soil compositions in their micro-ecosystems. Reductions in these nutrients can help to keep our water cleaner and keep farms aligned with Nutrient Management Regulations and the Clean Water Act.

Sarah McHale & Ryan Harris - First Place Division IV Animal Systems. Sarah and Ryan took their classroom learning of animal behavior and building of animal facilities and decided to experiment if black fabric on the ground would prevent cattle from moving across it. Animals have a natural tendency to avoid crossing these areas because their limited vision causes them to think shadows and black areas on the ground are holes and they avoid them. They ran numerous trials and different sizes and used the school cattle to run their experiment.

and efficiently redistribute them to those who need it most. Annually, it distributes between 7 and 10 million pounds of food from all sectors of the food industry including fresh produce, meats, beverages and snacks to approximately 90,000 people in Delaware and parts of Pennsylvania and Maryland. The Smyrna Volunteer Fire Company received a large portion of the FFA canned goods which were in turn donated to the Food Bank of Delaware. Cans collected at the end of the school year were also donated to Asbury United Methodist Church's food pantry, which helps families in the Smyrna/ Clayton Area.

SHS Earns 2013-2014 DIAA Sportsmanship Award.

The Delaware Interscholastic Athletic Association (DIAA) awards Middle and High Schools the Sportsmanship this award after a school has met each of the ten requirements. The DIAA requires that the school create a portfolio, hold events, and involve the entire school community. Also, the DIAA Sportsmanship Committee seeks out feedback from members of the media and the officials associations.

Smyrna High School completed several events this year to earn this award. These events were carried out by coaches and athletes. The events included the Grinchapalooza 5k run in December, Sponsoring a team in the Smyrna Relay for Life walk, Participation in Blue-Gold DFRC activities, and with the continuation of the "Super Fans" student section at home sporting events.

NOTICE OF FERPA RIGHTS

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age the following rights:

Inspection

You may inspect the student's education records within 45 days of the day the District receives a request for access. You should submit to the Principal a written request identifying the record(s) you wish to inspect. The Principal will notify you of the time and place of inspection.

Amendment

If you believe education records are inaccurate, you may request the records be amended. Such a request must be in writing, and directed to the Principal. The request must identify the part of the record you want changed, and specify why it is inaccurate. If the District denies your request, the District will notify you of the decision, advise of the right to a hearing, and provide the hearing procedures.

Consent

You have the right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Upon request, the District will disclose education records without consent to officials of another district in which a student seeks or intends to enroll.

Complaint

You may file a complaint with the U.S. Department of Education concerning alleged failures by the District to comply with the requirements of FERPA. The name and address of the office that administers FERPA are:

Any student or employee of the Smyrna School District shall have the right to file a formal complaint alleging noncompliance with regulations outlined in Title IX of the Education Amendments of 1972 or in

Level One – Principal or immediate supervisor (informal)
A student with a complaint of sex discrimination shall discuss it with the teacher, counselor, or principal.

The complaint shall state the nature of the grievance and the remedy requested. The filing of the formal written complaint at Level Two must be within 21 days from the date of the event giving rise to the grievance, or from the date the grievant could reasonably become aware of such occurrence. The grievant may request that a meeting about the complaint be held with the Title IX compliance officer. A minor student may be accompanied at that meeting by a parent or guardian. The Title IX compliance officer shall investigate.

the complaint and attempt to resolve it. A written report from the compliance officer about action taken will be sent to the grievant with 21 days after receipt of the complaint.

Level Three – Superintendent

If the complaint is not resolved at Level Two, the grievant may proceed to Level Three by presenting a written appeal to the Superintendent within 15 days after the grievant received the report from the compliance officer. STEM STUDENTS SCORE AT FAIR**

The Smyrna FFA wanted to share our outstanding results from the state Agriscience Fair competition on June 23, 2014. We are excited that every student that entered this year placed first in the state earning a trip to Nationals in October and compete against other students in the nation! This year's projects were some of the most rigorously designed projects that the FFA Department has worked with and we're very proud of the students as they are not only incorporating the state curriculum into their projects but STEM skills and components as well! Below is a brief synopsis of each project. Again, thank you all for your continued support of our FFA program!!
