STUDENT CONDUCT REGULATIONS:

You will have a safe and pleasant bus ride to school if you observe these rules. Any act that could distract the bus driver from his/her job endangers the lives of many children and that is why these regulations must be enforced. Bus Conduct Report forms will be mailed to parents/guardians of students that do not follow these regulations. The bus riding privilege can be suspended for misconduct on the bus. A serious violation of these rules will result in expulsion from the bus for the duration of the school year.

- Students must obey the driver promptly to ensure safety on the bus. Students should be courteous to him/her, as well as fellow students.
- Students must be on time; the bus has to run on schedule and cannot wait for those who are tardy.
- Students should never stand or play on the roadway while waiting for the bus.
- Before boarding the bus, students must keep a safe distance from the bus while it is in motion.
- Students must enter the bus without crowding or disturbing others and occupy their seats immediately.
- Students must not try to get on or off the bus when it is in motion. When on the bus, they must remain seated until the bus comes to a complete stop.
- Students are not permitted to be in the driver's seat at any time. Unnecessary conversation with the driver is prohibited while the bus is in motion.
- In approach the bus or a bus stop along the highway, a student should always walk on the left side of the road facing traffic. The student should be certain that the road is clear of all traffic or that all traffic has stopped before crossing only upon a signal given by the bus driver. Upon leaving the bus, the student should immediately walk around the front of the bus in clear view of the driver and stop before crossing. The student should make certain that the road is clear of all traffic or that all traffic has come to a complete stop before crossing only upon a signal given by the bus driver.
- In crossing the street or highway at any time, students should look both to the right and to the left, then walk, not run.
- Outside the ordinary conversation in normal tone, classroom conduct/expectations are to be observed when on the bus.
- Students must not call out to passerby. They should not open the bus windows without permission from the bus driver; nor extend head or arms out of the windows.

- Students must ride only the bus to which they have been assigned and shall not leave the bus without the driver's consent, except on arrival at their regular bus stop or at school. ***(A note from the parent/guardian is required for any student to get on or off the bus anywhere other than their regular stop.)***
- Students are expected to help keep the bus clean, sanitary, and orderly. They must not damage or abuse the equipment.
- Students are not permitted to: smoke while on the bus, use profanity while on the bus, throw articles of any kind in, out, or around the bus, and/or eat or drink while on the bus.
- Students must not carry any object on the bus that could be a safety hazard on the trip to or from school.
- Students are not permitted to use cell phones on the bus in a manner that could cause driver distraction or create safety hazards on the bus.
- Students are to conduct themselves while on the bus in such a way that it will not distract the driver from his/her job of driving.
- Students are expected to follow all expectations of their respective school's code of conduct.
