As Vice-President of the Smyrna School District Board of Education, I would like to address an article published early this morning by Exceptional Delaware. The article falsely claimed that Assistant Superintendent, Mrs. Judy, was terminated by the Board at Tuesday night's meeting. Without waiver of the Board's Executive Session privilege, the Board in no way discussed or voted on a termination of Mrs. Judy's contract or anything adverse to Mrs. Judy in any manner. The author claimed having reliable sources on this matter but could not have been further from the truth. I am certain I speak on behalf of the Board when I say we would like to thank Exceptional Delaware for quickly removing the article and publishing a personal apology to Mrs. Judy, once they learned that their information was untrue. Mrs. Judy is, and has always been, an employee in excellent standing and held in the highest esteem, and the Board knows she is an asset to the District. We are sorry for any negativity this has brought Mrs. Judy and her family personally and the District as a whole. The Board strives to improve the Smyrna School District at all times and thanks each and every one of you for your continued support.

Sincerely

Jonathan Snow

Vice-President
